I found your status report both interesting and encouraging. It appears that life [redacted] is settling down a bit and that the analytical activities are beginning to focus on some productive issues. Your examination of the most recent materials should show that procedures at this end have improved.

25X1

Here are answers to some of the questions you raised. First, I have approved travel requests for visits by [redacted] [redacted] You should be seeing them in the next month or so.
